En cliquant ensuite sur « *Software Download* », vous aurez accès à la liste des logiciels téléchargeables et aux différentes versions des logiciels.

The screenshot shows the Autodesk Education Community website. At the top, it says "Education Community // Faculty Access" and the Autodesk logo. A banner features a world map and a message: "Member #1,000,000 has been located! Check back soon to find out more about the millionth member of the Autodesk Education Community." Below the banner is a navigation bar with links: Home, Profile, Software Downloads, Learning, Publications, Online Store, Careers, Discuss, and Invite. A search bar is on the left. The main content area is titled "Product Downloads" and includes a "Recommended for You" section with links to various Autodesk products like Inventor Professional, Alias Automotive, Revit Architecture, AutoCAD Civil 3D, and 3ds Max. A dropdown menu is open over the "Software Downloads" link, listing various versions of Autodesk Inventor Professional (2010 and 2009) in different languages and bit architectures (32-bit and 64-bit). At the bottom of the dropdown are "Download" and "Get Serial" buttons. On the right side of the page, there is a "1,003,069 Current Members" counter, a "Log out" link, a "Visit Our Support Center" button, and an "Important Note" section with a language selector set to "English".

Pour télécharger un logiciel, il vous suffit de choisir la version et de cliquer sur « *Download* ». Si vous souhaitez juste obtenir un code de licence, il vous suffit de cliquer sur « *Get Serial* ».
